This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

INTRODUCTION.

THE additions made to the Library of the Society during the last twenty years have rendered the Catalogue of 1866–77 obsolete. The Council therefore resolved to issue a new edition in a somewhat modified form, by which, it is hoped, its use will be facilitated. Journals and the publications of Societies, which formed Part II. of the previous edition, are now incorporated in the general alphabetic arrangement.

The works forming part of Linnæus's own library are distinguished by the letter **L**.

September 1896.

Vol. II. Iguanidæ, Xenosauridæ, Zonuridæ, Anguidæ, Anniellidæ, Helodermatidæ, Varanidæ, Xantusiidæ, Teiidæ. Amphisbænidæ. 1885.

Vol. III. Lacertidæ, Gerrhosauridæ, Scincidæ, Anelytropidæ, Dibamidæ, Chamæleontidæ. 1887.

Catalogue of Snakes (Crotalidæ, Viperidæ, Hydridæ, and Boidæ). By J. E. Gray. 1849.

Catalogue of Colubrine Snakes. By A. Günther. 1858.

Catalogue of the Snakes in the British Museum. Vol. I. Containing the families Typhlopidæ, Glauconidæ, Boidæ, Ilysiidæ, Uropeltidæ, Xenopeltidæ, and Colubridæ Aglyphæ part. By G. A. Boulenger. 8vo. *London*, 1893.

——. Vol. II. Containing and concluding the Colubridæ Aglyphæ. By G. A. Boulenger. 8vo. *London*, 1894.

Batrachians.

Catalogue of the Batrachia Salientia. By A. Günther. 1858.

Catalogue of the Batrachia Salientia s. Ecaudata. Second Edition. By G. A. Boulenger. 1882.

Catalogue of Amphibia. Part II. Batrachia Gradientia, &c. By J. E. Gray. 1850.

Catalogue of the Batrachia Gradientia s. Caudata and Batrachia Apoda. Second edition. By G. A. Boulenger. 1882

Fishes.

Catalogue of the Fishes. By A. Günther.

Vol. I. Acanthopterygii (Gasterosteidæ, Berycidæ, Percidæ, Aphredoderidæ, Pristipomatidæ, Mullidæ, Sparidæ). 1859.

Vol. II. Acanthopterygii (Squamipinnes, Cirrhitidæ, Triglidæ, Trachinidæ, Scisænidæ, Polynemidæ, Sphyrænidæ, Trichiuridæ, Scombridæ, Carangiidæ, Xiphiidæ). 1860.

Vol. III. Acanthopterygii (Gobiidæ, Discoboli, Oxudercidæ, Batrachidæ, Pediculati, Blenniidæ, Acanthoclinidæ, Comephoridæ, Trachypteridæ, Lophotidæ, Teuthididæ, Acroneuridæ, Hoplognathidæ, Malacanthidæ, Nandidæ, Polycentridæ, Labyrinthici, Luciocephalidæ, Atherinidæ, Mugilidæ, Ophiocephalidæ, Trichonotidæ, Cepolidæ; Gobiesocidæ, Psychrolutidæ, Centriscidæ, Fistularidæ, Mastacembelidæ, Notacanthi). 1861.

Vol. IV. Acanthopterygii pharyngognathi and Anacanthini. 1862.

Vol. V. Physostomi (Siluridæ, Characinidæ, Haplochitonidæ, Sternoptychidæ, Scopelidæ, Stomiatidæ). 1864.

Vol. VI. Physostomi (Salmonidæ, Percopsidæ, Galaxidæ, Mormyridæ, Gymnarchidæ, Esocidæ, Umbridæ, Scombresocidæ, Cyprinodontidæ). 1866.

Vol. VII. Physostomi (Heterophygii, Cyprinidæ, Gonorhynchidæ, Hyodontidæ, Osteoglossidæ, Clupeidæ, Chirocentridæ, Alepocephalidæ, Notopteridæ, Halosauridæ). 1868.

Vol. VIII. Physostomi (Gymnotidæ, Symbranchidæ, Murænidæ, Pegasidæ), Lophobranchii, Plectognathi, Dipnoi, Ganoidei, Chondropterygii, Cyclostomata, Leptocardii. 1870.

FOSSILS.

Catalogue of the Fossil Mammalia in the British Museum (Natural History). By R. LYDEKKER.
- Part I. Containing the Orders Primates, Chiroptera, Insectivora, Carnivora, and Rodentia. 1885.
- Part II. Containing the Order Ungulata, Suborder Artiodactyla. 1885.
- Part III. Containing the Order Ungulata, Suborders Perissodactyla, Toxodontia, Condylarthra, and Amblypoda. 1886.
- Part IV. Containing the Order Ungulata, Suborder Proboscidea. 1886.
- Part V. Containing the Group Tillodontia, the Orders Sirenia, Cetacea, Edentata, Marsupialia, Monotremata, and Supplement. 1887.

Catalogue of the Fossil Birds in the British Museum (Natural History). By R. LYDEKKER. 1891.

Descriptive and Illustrated Catalogue of the Fossil Reptilia of South Africa in the Collection of the British Museum. By R. OWEN. 1876.

Catalogue of the Fossil Reptilia and Amphibia in the British Museum (Natural History). By R. LYDEKKER.
- Part I. Containing the Orders Ornithosauria, Crocodilia, Dinosauria, Squamata, Rhynchocephalia, and Proterosauria. 1888.
- Part II. Containing the Orders Ichthyopterygia and Sauropterygia. 1889.
- Part III. Containing the Order Chelonia. 1889.
- Part IV. Containing the Orders Anomodontia, Ecaudata, Caudata, and Labyrinthodontia; and Supplement. 1890.

Catalogue of the Fossil Fishes in the British Museum (Natural History). By A. S. WOODWARD.
- Part I. Containing the Elasmobranchii. 1889.
- Part II. Containing the Elasmobranchii (Acanthodii), Holocephali, Ichthyodorulites, Ostracodermi, Dipnoi, and Teleostomi (Crossopterygii and Chondrostean Actinopterygii). 1891.
- Part III. Containing the Actinopterygian Teleostomi of the Orders Chondrostei (*concluded*), Protospondyli, Ætheospondyli, and Isospondyli (in part). 1895.

Systematic List of the Edwards Collection of British Oligocene and Eocene Mollusca in the British Museum (Natural History), with references to the type-specimens from similar horizons contained in other collections belonging to the Geological Department of the Museum. By R. B. NEWTON. 1891.

Catalogue of the Fossil Cephalopoda in the British Museum (Natural History). By A. H. FOORD.
- Part I. Containing part of the Suborder Nautiloidea, consisting of the families Orthoceratidæ, Endoceratidæ, Actinoceratidæ, Gomphoceratidæ, Ascoceratidæ, Poteriocerati dæ, Cyrtoceratidæ; and Supplement. 1888.
- Part II. Containing the remainder of the Suborder Nautiloidea, consisting of the families Lituitidæ, Trochoceratidæ, Nautilidæ; and Supplement. 1891.

A Catalogue of British Fossil Crustacea, with their Synonyms and the Range in Time of each Genus and Order. By H. WOODWARD. 1877.

Catalogue of the Blastoidea in the Geological Department of the British Museum (Natural History), with an account of the morphology and systematic position of the group, and a revision of the genera and species. By R. ETHERIDGE, jun., and P. H. CARPENTER. 1886.

'Challenger.' Reports on the Scientific Results of the Voyage of H.M.S. *Challenger* during the years 1873–76, under the command of Captain Nares and Captain Thomson. Prepared under the superintendence of Sir Charles Wyville Thomson and John Murray. 4to. *London*, 1880–95.

Narrative. Vols. I., II. By T. H. Tizard, H. N. Moseley, J. Y. Buchanan, and John Murray. (1882–85.)

Summary of the Scientific Results. Vols. I., II. By John Murray. (1895.) Containing:—

I. Summary, &c. By John Murray.
Report on Spirula. By Huxley & Pelseneer.
Oceanic Circulation. By A. Buchan.

II. Oceanography; Observing Stations; Bathymetrical and Geographical distribution; Charts; Indices, &c. By John Murray.

Physics and Chemistry. Vols. I., II. By W. Dittmar, J. Y. Buchanan, P. G. Tait, A. Buchan, E. W. Creak, and A. Renard. (1884–89.)

Zoology. Vols. I.–XXXII. (1880–89) as under:—

Vol. I. (1880.)
- Brachiopoda. By T. Davidson.
- Pennatulida. By A. v. Koelliker.
- Ostracoda. By G. S. Brady.
- Bones of Cetacea. By W. Turner.
- Development of the Green Turtle. By W. K. Parker.
- Shore Fishes. By A. Günther.

Vol. II. (1881.)
- Corals. By H. N. Moseley.
- Birds. By P. L. Sclater, and others.
